LOWA Z-8S MK2 PR Women's

SKU: 321714_0731

Description

The LOWA Z-8S MK2 PR Women's is a high-performance tactical boot designed for professionals who need reliable stability, protection, and all-day comfort. Its high-cut profile offers strong ankle support during demanding movement, while maintaining comfort for extended wear. Built for patrol, training, and rugged field environments, it delivers consistent performance under pressure. This boot combines durability and functionality, making it a dependable choice for operational and outdoor use.

Features

Constructed with a durable split-leather upper, the LOWA Z-8S MK2 PR Women's provides strong resistance to abrasion and long-term wear. The high-cut design enhances ankle stability and control on uneven terrain. A cushioned PU midsole absorbs shock and reduces fatigue during long hours of use, improving overall comfort. LOWA's supportive construction ensures a secure and stable fit, while the rugged outsole delivers reliable traction across a wide range of surfaces and challenging environmental conditions.
