LOWA Z-8S MK2 GTX PR Men's

SKU: 311715_0731

Description

The LOWA Z-8S MK2 GTX PR Men's is a robust tactical boot built for professionals who require dependable support, durability, and comfort in demanding environments. Its high-cut design enhances stability and confidence on uneven terrain while maintaining comfort during long operational hours. Engineered for patrol, fieldwork, and rugged outdoor use, it delivers consistent performance where reliability matters most. This boot balances protection, endurance, and functional design for serious professional applications.

Features

The boot features a waterproof and breathable GORE-TEX membrane that keeps feet dry while allowing moisture to escape for all-day comfort. Its durable split-leather upper provides strong resistance to abrasion and wear in harsh conditions. The high-cut construction improves ankle support and stability during movement across challenging terrain. A cushioned PU midsole helps absorb shock and reduce fatigue during extended use, while the rugged outsole ensures reliable traction and grip on a wide variety of surfaces.
