Breacher GTX MID MEN’S

SKU: 210224C30

Description

The Breacher GTX Mid Men’s is designed for professionals who require agility, protection, and all-day comfort in demanding operational environments. Combining a streamlined profile with rugged construction, it supports fast movement without compromising durability. Its mid-height design provides a balance of mobility and support, making it ideal for tactical operations, patrol duties, and training scenarios. Built to perform in challenging conditions, this boot delivers the reliability and confidence needed when every step matters.

Features

The Breacher GTX Mid Men’s features a waterproof and breathable GORE-TEX® lining that helps keep feet dry and comfortable in changing weather conditions. Its durable upper is engineered to withstand intensive use, while the cushioned midsole promotes comfort during long periods of wear. Reinforced support elements enhance stability and control on uneven terrain. The high-traction outsole provides dependable grip across a variety of surfaces, helping users maintain confidence and performance in fast-paced tactical, law enforcement, and outdoor environments.
