LOWA R-6 GTX Mid TF (Disc)

SKU: 310672_0999

Description

The LOWA R-6 GTX MID TF combines toughness with flexibility, using a durable full-grain leather upper for reliable protection and support. Its closed-lacing system is built for durability and uses minimal seams for a clean, reinforced design. A waterproof, breathable GORE-TEX lining keeps feet dry and maintains a comfortable climate in all conditions. The elevated upper enhances stability across a wide range of missions. This construction makes the boot dependable for demanding environments while remaining comfortable over long periods.

Features

The boots feature a 145/180 mm upper height for balanced coverage and support. A nylon hard stabilizer enhances control during intense outdoor activity. The sturdy stability frame wraps into the upper for improved stability on uneven terrain. A Lowa rubber sole with varied lug design provides reliable traction for off-trail use. The tough closed-lacing system uses minimal seams to boost durability and maintain a clean appearance. It is also resistant to oil, petrol and contact heat. A dual-zone lacing system facilitates optimal fit to provide ideal wearing comfort.
