Zephyr MK2 HI MEN'S

SKU: 310852C30

Description

The Zephyr MK2 HI Men's is a versatile tactical boot designed for fast-paced operations, training, and outdoor use. Its lightweight construction promotes agility and comfort during extended periods of wear, while the high-cut profile provides additional confidence when navigating demanding terrain. Built to balance mobility and durability, the boot supports natural movement without sacrificing stability, making it a reliable choice for professionals who require consistent performance in dynamic environments.

Features

The boot features a durable suede leather and CORDURA® upper that withstands demanding conditions while remaining breathable. Its high-cut design enhances ankle support and protection, helping maintain stability during movement. LOWA's MONOWRAP® support frame improves lateral control and structural integrity, while the dual-density PU midsole delivers long-lasting cushioning and shock absorption. A dual-zone lacing system allows for a secure, customizable fit, and the rugged outsole provides dependable traction on a variety of surfaces and terrain types.
