# DANNER Tachyon 8in

SKU: 50120

## Description

The Tachyon 8-inch boots feature a non-insulated design for lightweight comfort and versatile performance. The plain-toe construction provides a lighter feel and increased flexibility during break-in. The Lace-Up Speed Lace System uses special hardware to tighten the boots from toe to the top with one quick pull for a secure, customized fit. Weighing only 26 oz per pair, these boots deliver exceptional mobility and all-day comfort.

| Weight | 26 oz per pair |
| Height | 8in |
| Color | Black |
| Insulation | N/A |
| Closure | Lace-Up |
| Toe Protection | Plain toe |
| Liner | N/A |
| Protection | N/A |
| Shank | Nylon |
| Footbed | Polyurethane |
| Outsole | Danner Tachyon |
| Traction | N/A |

## Features

These boots feature a Danner Tachyon outsole made from 100% rubber, providing excellent abrasion resistance and pentagonal lugs for maximum surface contact and traction. The polyurethane footbed delivers superior shock absorption with open-cell construction to improve airflow and comfort. A lightweight nylon shank reduces foot fatigue and protects the foot on rough terrain. Designed with an unlined construction, these boots offer enhanced breathability, lighter weight, and cool comfort in warmer temperatures while allowing the leather to mold your foot.
