Men’s V2 Pro Performance Shirt

SKU: 111015

Description

The Men’s V2 Pro Performance Shirt combines a 65% polyester/35% cotton blend on the collar, shoulders, and sleeves for added durability, comfort, and wrinkle resistance. The 100% polyester jersey torso provides lightweight, moisture-wicking, quick-drying performance. Its double-dyed fabric maintains rich color through repeated wear and washing. A DWR finish repels water to help protect against the elements. The two-way mechanical stretch provides unrestricted mobility for active performance. Available in sizes X-Small through 4XL.

Features

The Men’s V2 Pro Performance Shirt combines proprietary V2 fabric for rugged durability, lightweight mobility, and a professional appearance. Its 2 mm x 2 mm double micro-ripstop construction is double-dyed for long-lasting color and finished with a light DWR coating to repel stains while remaining breathable. An anti-snag jersey panel features moisture-wicking and anti-odor technology for lasting comfort. The no-curl collar includes an integrated collar stay and hidden button-down design for a polished on-duty look. A running side gusset provides enhanced flexibility and unrestricted movement.
